

TRAVEL 2020

Inclusive transit from and to Rome *Fiumicino* Airport (FCO)

On **arrival** days, a minibus will collect guests and depart from Fiumicino by 14.00. Please select flights that allow plenty of time for you to get through customs and collect your bags.

On **departure** days, the minibus is timed to arrive at Fiumicino by 12.00. Please allow plenty of time for your check-in.

(NB: **Arrival** and **Departure** days are the start day and end day of your course.)

We sometimes run 2 minibuses, in the morning and early in the afternoon. If you are selecting flights and find that you are not able to arrive/depart in accordance with the scheduled times, please contact me to discuss prior to making a booking.

Fiumicino Airport has a mainline train station, so if you are coming from anywhere else in Italy you can conveniently meet the minibus.

If your flight is severely delayed or re-routed to another airport, you will need to make your own way to Agnone, at your own expense. There is a bus from Fiumicino to nearby Agnone, from where a taxi will be organised to collect you. In some cases a private car may need to be arranged.

For guests attending one week only, inclusive airport transit is provided on interim Saturdays with a minimum of 3 people travelling.

With fewer, which is normally the case, transfer will be by taxi and public bus from/to Fiumicino. These costs will be paid by L&L.
